Dear Ellen and Lisa,

This call is to discuss timing of release of  
NYSERDA data and beginning of Method Validation work at EPA and contract labs.

If this time frame does not work for you, let me  
know and also suggest a couple of other time  
slots that would suffice. If my schedule  
collides with your suggestions, Iâ?Tll send out a  
doodle calendar so we can find a good time.

EPA is having budget discussions at the end of  
next week, so I need to have this call early in  
the week to make some determinations about funding for FY2020 and FY2021.

Thank you,

Stef
